

Dr Zafar Qadir -Chairman,

TAALEEM NETWORK

Taaleem Foundation is a mainstream quality education system in Pakistan, with a specialization in technology-based educational Research

& Development, including curriculum research, teachers training, E-content development, animated educational videos, online teaching, E-assessment and online testing. First time in Pakistan, Taaleem Network and ICT4E is introducing an interactive technology for schools and students.

"Sharpen Your Debating Techniques With An Interactive Toolkit"

Taaleem Network has taken the initiative to introduce debating toolkits through which it prepared its students in Baluchistan for the Supernova Debating Championship 2019.

We give our special thanks to **Pakistan Petroleum Limited (PPL)** for supporting us in our efforts and making this vision come true.

"Improve Learning with an Interactive Board And Digital Click"

Taaleem Foundation introduced learning with a concept of digital click and interactive learning.

Thanks to Mr. Akbar Khurshid - our Academic Advisor and lead of Tec Singapore for supporting Taaleem Network to attain these milestones.

This interactive tool kit helps not only to attract OOSC but also to retain them subsequently with the added layer of quality content and modern means of content delivery. Digital Solution is

a low-cost quick fix with high impact suited for the communities that cannot afford.

TALEEM NETWORK DIGITAL INITIATIVES

GIRLS RIGHT TO EDUCATION PROGRAMME: Girl's right education program is a joint initiative of UNESCO and Government of Pakistan. Taaleem is supporting UNESCO and the government efforts in increasing access and improving the quality of education at primary level through capacity building and targeted interventions at both community and institutional level. The project will target most marginalized areas where Girls access to the quality of primary education is challenging.

**Taaleem through Digital click is a modern concept and divergent from radio, TV, computers, and mobile.*
